RECONNECTA

Step into a world of inner power and transformation, where ancient healing rituals and cutting-edge alternative therapies converge to strengthen the mind, body and spirit. Host Yolanda Benet immerses herself into this vibrant energetic realm, exploring the latest trends and innovations in global wellness and holistic self-care.

With a camera as her witness and an open heart, Yolanda is far from a typical host. She's a genuine spirit unafraid to reveal her scars while working on her personal growth. Her journey is raw and unfiltered, as she seeks life's deepest truths and asks the soul-searching questions we all grapple with.

Each episode features intimate conversations with spiritual masters, healers, scientists, and visionary leaders, who delve deeper into the human essence.

Yolanda will also invite special guests to take part in powerful ancient practices, advanced health technologies, as well as inspirational art and music.
